

League of NH Craftsmen

Annual Craftsmen's Fair

Reproductions Policy for Guest Artists at the Fair:

Applicable to Guest Artists in 2-D Media

High-quality, digital reproductions of original 2D artwork may be considered for sale in Guest Artist Booths provided the reproductions are printed to the quality of the original image, represent a qualifying item, and items intended for sale are disclosed in the Guest Artist Application for consideration in the Guest Artist Jury.

Items are limited to single-use items including greeting cards, postcards, calendars, bookmarks, and art-book publications that focus primarily on the craftsman's work. At this time, giclee prints are not allowed. The League reserves the right to review all reproductions to ensure adherence to LNHC Standards Policies and Media Guidelines.

Reproductions of original work are limited to 2-D media categories which include calligraphy, mixed media (where applicable), photography, printmaking, painting, drawing, and pastels. Participants in other media categories who wish to sell reproductions must reach out to the League prior to application.

While original work is always preferred, high quality reproductions of original 2-D artwork as outlined above are permitted provided they comprise **no more than 15% of displayed items**. If this threshold is exceeded, the boothholder will be asked to remove the product from the booth. Failure to comply may result in disqualification from future sales opportunities with the League.
